Cohen's Lottery & Exchange Office.

HOC SIGNO FORTUNA.

BALTIMORE, FRIDAY, October 5, 1821.

We have had occasion often heretofore, to remark the peculiar success attending investments made by distant adventurers, through the medium of our office; and have now the pleasure to notice a continuation, in the drawing of the TEN THOUSAND DOLLAR PRIZE, yesterday afternoon, in the Grand State Lottery of Maryland, which was awarded to No. 1705, being the first drawn, agreeably to the scheme. This lucky ticket was in our possession until Tuesday last, on which day we forwarded it by mail to a gentleman at Lancaster, in the state of OHIO, from whom, we on that day received an order for a ticket. The name of the fortunate owner we shall announce as soon as we have his permission to do so; in the mean time, those who are not yet supplied with tickets or shares, should send on their orders without delay, to Cohen's Office, where the great capitals of 40,000 dollars, and 20,000 dollars, may still be remaining unsold.

No. 12,482, a prize of One Thousand Dollars, drawn on Tuesday last in the Grand State Lottery, is also the property of distant adventurers. This ticket was divided in shares, and sold at COHEN'S OFFICE. One half was sent to a gentleman at Williamsburg, Virginia—One quarter to Fredericksburg, in the same state—and the other quarter to Clinton, Samfison Court House, North-Carolina. Thus, in addition to the capital of \$10,000, mentioned in the preceding paragraph, has another handsome prize continued to reward the fortunate holders, for orders sent to this office. We need not repeat, that the Cash can be instantly had, on presentation of the tickets at COHEN'S OFFICE, Baltimore.

Another Prize!—It will be recollected, that on the 22d drawing, which will take place on the 7th of next month, the first drawn number will be entitled to a Cash prize of TWENTY THOUSAND DOLLARS. TICKETS still continue at Ten Dollars each, and Shares in the same proportion.

ORDERS will meet our accustomed prompt and punctual attention, addressed to

J. I. COHEN, Jr.

Secretary to the Managers—Baltimore.

Our friends in the state of Ohio have lately been extremely fortunate in the Baltimore lotteries, from investments made at COHEN'S OFFICE. It will be remembered, that the Ten Thousand Dollar prize, drawn last new-year's day, in the Washington Monument lottery, was partowned in Cambridge, in that state—also a part of the 5,000 dollar prize, drawn on the 11th ult. in the Grand State Lottery—and now the Ten Thousand Dollars Capital in the same; besides a large number of others in former lotteries.

Moses and Dick, (blacks) charged with a participation in the murder of William Royster, were tried in Petersburg, Va. on the 21st ult. and sentenced to be executed on the first Friday of next November.

The Board of Commissioners on Spanish claims have adjourned until January next, having acted

finally or partially on all the claims filed for examination. They have given public notice of an order, that "all persons, having claims which are to be received by this commission, memorials of which have not yet been filed with the Secretary; or, being filed, have not been received by the Board, at its present session, for the reasons above stated—do file a memorial of the same with the Secretary, previous to the first Monday in January next; to the end that they may be then duly examined, and the validity of the amount thereof decided upon, according to the suitable and authentic testimony of the same which may be required." *National Gazette.*

A memorial to the President and Directors of the Bank of the United States urging the establishment of a Branch in Pensacola, has been generally signed by the men of business as well in the Spanish as the American population in that city, and transmitted to Philadelphia. This memorial states as an argument in its favour, that "there is every probability that 10,000 bales of cotton, raised in these provinces, or on the rivers that, taking their rise in Georgia or Alabama, discharge their waters into the bay of Pensacola, will be brought to this market the ensuing fall and winter"—and that with certain facilities granted by banking credit, "there is no doubt that a large portion of the crops of Alabama, Mississippi, and Louisiana, and even of the produce of the western country, would find its way to this port, as the natural emporium of the Gulph of Mexico."

We learn with pleasure, that the proprietor of the Steam-ship Robert Fulton is preparing an armament, to consist of four 9 and two 6 pounders, with 24 muskets, for the protection of property belonging to her passengers, and against the possibility of robbery from the piratical villains that are infesting the neighborhood of Cuba. This armament, together with the great advantage which this vessel possesses of throwing boiling water, must afford a protection adequate to an attack from any of the picaroons lurking in those seas. Her engine is one of the most powerful, and is capable of throwing double the quantity of water (boiling hot) which an ordinary fire engine now in use in this city can. It is asserted, that she can discharge from her boiler ten hogsheads, of 120 gallons each, in a minute, and throw it nearly to the distance of point blank musket range. Who knows but this method may yet be resorted to as a national defence, and as a new weapon to carry war into an enemy's camp.—*N. Y. Gazette.*

It is probable that GEORGE IV. will be married again in the course of a few months. He will meet with no difficulty in finding a suitable Bride. Germany is fertile in Princesses; and there will be parents enough ready to offer their daughters—perhaps willing victims—at the shrine of ambition. The Emperor of Austria has still a daughter unmarried; as well as the King of Saxony: The King of Bavaria has six, two of whom are at least of marriageable age: the King of Prussia has one, as old as eighteen years: The King of Portugal one, who is twenty years old: The King of Denmark one, who is twenty eight years old: The King of Sardina one, who is eighteen years old: The Grand Duke of Tuscany two, who are marriageable: and besides these, there is the widow of the Infant Pierre Charles of Spain, the widow of the Duke de Berri, and the widow of Napoleon Bonaparte.—*Portsmouth Journal.*

Foreign intelligence, selected from English papers, to the 20th August, received by the London Packet, at Boston.

LONDON, August 19.

No transactions of any importance have occurred at the Stock Exchange. Money is so extremely abundant that little employment can be found on the security for stock, and the amount that can be employed yields a very low rate of interest.

Notwithstanding the high terms on which the contract for the French loan has been concluded, it bears a premium of near 3 per cent. Since our last every species of foreign stock has improved more or less in value, a circumstance which must be allowed some weight in determining the question whether the tranquility of Europe will be maintained or not.

The following is an extract from the agent to Lloyd's at Constantinople, dated 4th July. "For the last week every thing has been tranquil, with appearances of continuing so."

A letter from Cork says, that Lord Kinsale, who had gone to Dublin to welcome his Majesty, intended to take advantage of the opportunity to assert his ancient privilege of wearing his hat in the King's presence.

French papers to the 15th inst. mention a rumor of an intended interview between the Emperors Francis and Alexander at Warsaw. Troops accumulate both on the Austrian and Russian frontiers towards Turkey; and the Turks continue to strengthen their armies on the same line; but letters from Odessa hold out a stronger expectation than before of an ultimate pacific arrangement.

The plague has broken out at Cairo, Alexandria, Rosetta and Smyrna.

It is a curious coincidence that not a single member of the late king's numerous family, male or female, were in attendance either upon the late lamented Princess Charlotte, or upon her beloved mother, at the time of their mortal sickness and death.

A meeting was held at Hammersmith on Monday last, when it was agreed to erect a monument there to the memory of her late Majesty, and subscriptions were commenced for that purpose.

The Archduchess Maria Louisa and her court are to go into mourning for three months on account of Bonaparte's decease.

Bankrupt Regulations in Hamburg.

It is important to merchants to know, that there is a law in Hamburg, that the wife's property has a prior claim upon the whole estate of her deceased husband, in cases of insolvency, for the first five years of her marriage. The bankrupt, in a case which has lately occurred of the failure of a commercial house, was married only four years and nine months. It is, therefore, expedient, in estimating a man's property by what he has had with his wife, to ascertain how long he has been married!

It is proposed in Philadelphia to affix chains across the corners of the streets, on the centre of which a large lamp is to be suspended, which will spread its light to the four corners. It is thought this will throw a better light upon the streets, and with more economy.

A Canal is cutting to afford an easy water communication between the town of Huntsville, Alabama and the Tennessee River. There is a prospect of so far completing the work, as to render it of essential service, for the transportation of cotton, the ensuing season.
